WOP/AG	A/U Patrol.	2140	0824.	<p>at 04.10R/15th June, 1944 Wellington 1407 was on A/U patrol 50, on course 135 degs. true, height 500 ft., when a radar contact was obtained bearing 45 degs. Red 10 miles. Weather was good with 3/10 stratus cloud at 1500 ft., moon obscured and sea moderate. Alt. head on course 135 degs. true - losing height until at 1/2 mile range, height 200 ft., the Leigh Light was put on revealing a fully surfaced 500 ton type U/boat in position 45.51 degs. N. 01.55 degs. W. proceeding on a course of 135 degs. true, speed 10 knots, and bearing 25 degs. Red from aircraft. Immediately Leigh Light was put on very intense flash opened up from the vicinity of U/boat's conning tower. The flash appeared to have different velocities and brilliant pink and orange traces predominated. Alt. altered course to 165 degs. true and at 04.24R tracked over the U/T at an angle of 150 degs. Red to U/boat's heading, releasing six 250 lb. Torpede D.C.'s., set 14 to 18ft. depth, spaced 67 ft. (actual) from a height of 75 ft. As the aircraft made its run-in the front gunner fired 50 rounds</p>

As aircraft turned, Captain and pilot also saw the U-boat and it began to open inaccurate flak which passed above and astern of aircraft, which was continued intermittently as aircraft was moving the U-boat to the port side of the U-boat. At this time aircraft was about 1/2 mile away. Radar contact was lost shortly afterwards, and aircraft then dropped two Mk. II MAFINE Markers. Aircraft then carried out landing procedure on instructions from Control until 0851 and having dropped one Mk. II and one Mk. VII Marker (lost to engine delay), set course for base, P.H.S., having been reached.</p> <p style="text-align: center;"><i>R.A. Ashman</i> (R.A.
